Message from the Chairman

On behalf of the Board of Trustees, I am pleased to present the Annual Report of The New Brunswick Community College Foundation Inc., for the fiscal year ending March 31, 2014.

Our financial statements show that the Foundation's investments continue to have positive results, in line with the double objectives set by the members of the Board of Trustees: to protect the assets obtained from generous donors while awarding as many bursaries and scholarships as possible.

Two new milestones were achieved in 2013-2014: both the number of award recipients (445) and the value of the awards (\$419,860) were new records.

The Board wishes to thank in particular all donors who have honored their gift commitments. Without that generosity, we would not have been able to award as many bursaries, scholarships and awards in order to alleviate the financial needs of students attending the New Brunswick Community College, the Collège communautaire du Nouveau-Brunswick, and the New Brunswick College of Craft and Design.

Congratulations to all of last year's award winners and best wishes for success in your studies and in your career!

Also, I would like to personally thank the Board members for their dedication and their commitment to the cause of improving access to college education here in our home province, New Brunswick.

Message du Président

Au nom du Conseil des fiduciaires, il me fait plaisir de vous présenter le rapport annuel de La Fondation du Collège communautaire du Nouveau-Brunswick Inc. pour l'exercice financier qui s'est terminé le 31 mars 2014.

Nos états financiers démontrent que les investissements de la Fondation continue à avoir des résultats positifs conformément au double objectif que les membres du Conseil des fiduciaires se sont fixés : protéger les avoirs obtenus grâce aux généreux donateurs et donatrices tout en attribuant le plus de bourses d'études possibles.

Deux nouveaux événements importants ont marqué 2013-2014 : l'un comme l'autre, le nombre de bénéficiaires (445) et la valeur totale des bourses (419 860 \$) furent des records surprenants.

Le Conseil remercie particulièrement les donateurs et donatrices qui ont pratiquement tous respectés leurs engagements de dons. Sans cette générosité, nous n'aurions pu offrir autant de bourses, de bourses d'études et de prix pour alléger les besoins financiers des étudiantes et étudiants du Collège communautaire du Nouveau-Brunswick, du New Brunswick Community College et du New Brunswick College of Craft and Design.

Félicitations aux lauréats des prix de la dernière année et bons succès dans vos études et votre carrière!

En terminant, je désire personnellement remercier les membres du Conseil des fiduciaires pour leur dévouement et leur engagement envers l'amélioration de l'accessibilité aux études collégiales ici même dans notre province du Nouveau-Brunswick.

Jim Jordan

Finances

In 2013-2014, the Foundation's invested capital grew to \$6.4M (at March 31, 2014), an increase of \$1M over the previous year, thanks to new donations, matching funds from the New Brunswick Community College Opportunities Fund, and most especially due to the oversight of the investments by the Board of Trustees.

En 2013-2014, le capital investi de la Fondation atteignait les 6,4M \$ (au 31 mars 2014), une augmentation de 1M \$ sur le total de l'année précédente. Ce nouveau sommet fut atteint grâce à de nouveaux dons, à des fonds en contrepartie de ces dons provenant du Fonds d'opportunité Collège communautaire du Nouveau-Brunswick et surtout à la saine gestion des investissements par le Conseil des fiduciaires.

Remarkably, during the past year, the Foundation also distributed more cash awards based on financial need (over \$400,000) to more college students (445) than ever before. These numbers, as can be seen from the chart, have enabled us, since its inception in 2006, to provide direct cash assistance worth over \$1,6M to 1,672 students.

Encore plus remarquable, cependant, fut la distribution par la Fondation de bourses basées sur le besoin financier à un plus grand nombre d'étudiants et d'étudiantes (445) et d'une valeur monétaire plus grande que jamais (plus de 400 000 \$). Ces chiffres ont permis à la Fondation de franchir deux caps importants : depuis son établissement en 2006, la Fondation aura remis plus de 1,6M \$ à 1 672 étudiants et étudiantes.

This is an eloquent testimony to the generosity of New Brunswickers, and their support for our public colleges, and especially for their students.

Ces chiffres constituent un témoignage éloquent de la générosité des néo-brunswickois et des néo-brunswickoises, et de l'appui qu'accorde la population à ses collèges publics et à leurs étudiants.

We gratefully acknowledge the free office space donated by NBCC, as well as the free web hosting and graphic design services provided by CCNB. These services and accommodations help to ensure that we never have to take any percentage (or even a fraction of a percentage) from donations in order to support the Foundation's administrative needs. We are thus able to confirm yet again that **100%** of donations targeted to bursaries or scholarships go to that purpose, and no other.

Nous apprécions le don gratuit d'espaces de bureaux par le NBCC, ainsi qu'aux services gratuits de graphisme et d'hébergement de notre site web par le CCNB. Ces services et cet abri font en sorte que nous n'avons pas à solliciter des dons pour défrayer les coûts administratifs de la Fondation. Nous pouvons alors confirmer encore une fois que **100 pourcent** des dons destinés aux bourses vont à ces fins et à nulle autre fin.

Awards

In 2013-2014, the Foundation awarded 217 bursaries of \$1,100 each to students of NBCC, CCNB and NBCCD, based on financial need. All students registered in full-time regular or contract training programs were eligible for these awards. In addition, an extra 228 students received awards of various values, in accordance with the established criteria by the donors, for example: a specific program and/or well-defined conditions.

The NBCC Foundation Inc. is pleased to present you with a few words of thanks from our recipients—the full array is in the 2013-2014 Recipient Booklet. Following these words of thanks is the complete list of bursary recipients.

Bourses

En 2013-2014, 217 bourses d'une valeur de 1 100 \$ chacune ont été attribuées à des étudiants et étudiantes du NBCC, du CCNB et du NBCCD, ayant des besoins financiers. Tous les étudiants et étudiantes inscrits à temps plein dans des programmes de formation réguliers ou à contrat étaient admissibles à ces bourses. En outre, 228 étudiants supplémentaires qui répondaient aux critères établis par les donateurs et donatrices, tels que : étudier dans un programme spécifique ou atteindre des objectifs donnés, ont reçu des bourses de différentes valeurs.

La Fondation du CCNB Inc. est très fière de vous présenter certains mots de reconnaissance de nos récipiendaires—la totalité est disponible dans le Livret des récipiendaires 2013-2014. Veuillez trouver, à la suite de ces quelques messages, la liste complète des récipiendaires.
